

Adi Memeti

Data Science Intern

Prishtina, Kosovo • Computer & Software Engineering

PROFILE

Computer and Software Engineering student focused on Data Science, Machine Learning and Generative AI. Trained in Python, data analysis, ML modeling and modern AI technologies, with a strong interest in practical, data-driven solutions. Since August 2026, I have been working as a Data Science Intern at Tectigon Academy, continuing to build hands-on technical experience.

EXPERIENCE

Data Science Intern — Tectigon Academy | August 2026 - Present

Prishtina, Kosovo

- Hands-on work with Python, Pandas, SQL and data analysis workflows.
- Applying Machine Learning concepts, data preparation and model evaluation techniques.
- Using Tableau and Microsoft Power BI for visualization and reporting.
- Exploring Generative AI, LLMs, RAG and Responsible AI principles.

EDUCATION

University of Prishtina

2026 - Present

Computer Engineering and Software Engineering

CERTIFICATIONS & TRAINING

Intermediate Machine Learning	Kaggle
Generative AI Fundamentals	Databricks
Introduction to Machine Learning	Kaggle
Python & Data Science	Tectigon Academy
Introduction to Data Science	Cisco
PCAP: Programming Essentials in Python	Cisco / NDG
Linux Unhatched	Cisco / NDG
Full Stack Web Developer	Për Programera

TECHNICAL SKILLS

- Programming: Python, SQL, Git
- Data: Pandas, Data Analysis, Data Management, Data Preparation
- Machine Learning: XGBoost, Gradient Boosting, Linear Regression, Decision Trees, Scikit-Learn
- Modeling: Cross-Validation, Pipelines, Feature Engineering, Categorical Encoding, Model Evaluation
- Model Quality: Data Leakage Detection, Overfitting, Underfitting
- Generative AI: LLMs, RAG, AI Agents, Responsible AI
- BI & Visualization: Tableau, Microsoft Power BI
- Additional: Data Privacy, Full-Stack Web Development

PROFESSIONAL FOCUS

Data Science • Machine Learning • Generative AI • Data Analytics • Software Engineering
