

Adi Memeti

Data Science Intern

Prishtina, Kosovo • FIEK — Faculty of Electrical and Computer Engineering

PROFILE

Computer and Software Engineering student focused on Data Science, Machine Learning, and Generative AI. Trained in Python, data analysis, ML modeling, and modern AI technologies, with a strong interest in practical, data-driven solutions. Since August 2026, I have been working as a Data Science Intern at Tectigon Academy, where I continue to develop hands-on technical experience.

EXPERIENCE

Data Science Intern — Tectigon Academy August 2026 - Present

Remote - Prishtina, Kosovo

- Hands-on work with Python, Pandas, SQL, and data analysis workflows.
- Applying Machine Learning concepts, data preparation, and model evaluation techniques.
- Using Tableau and Microsoft Power BI for data visualization and reporting.
- Exploring Generative AI, LLMs, RAG, and Responsible AI principles.

EDUCATION

FIEK — University of Prishtina 2026 - Present

Computer Engineering and Software Engineering

CERTIFICATIONS & TRAINING

- Intermediate Machine Learning — Kaggle
- Generative AI Fundamentals — Databricks
- Introduction to Machine Learning — Kaggle
- Python & Data Science — Tectigon Academy
- Introduction to Data Science — Cisco
- PCAP: Programming Essentials in Python — Cisco / NDG
- Linux Unhatched — Cisco / NDG

TECHNICAL SKILLS

- Programming: Python, SQL, Git
- Model Quality: Data Leakage Detection, Overfitting, Underfitting
- Machine Learning: XGBoost, Gradient Boosting, Linear Regression, Decision Trees, Scikit-Learn
- Modeling: Cross-Validation, Pipelines, Feature Engineering, Categorical Encoding, Model Evaluation
- BI & Visualization: Tableau, Microsoft Power BI
- Data: Pandas, Data Analysis, Data Management, Data Preparation
- Generative AI: LLMs, RAG, AI Agents, Responsible AI

PROFESSIONAL FOCUS

Data Science • Machine Learning • Generative AI • Data Analytics
