

Adi Memeti

Data Science Intern

Gjilan, Kosovo • FIEK — Faculty of Electrical and Computer Engineering

PROFILE

Computer and Software Engineering student focused on Data Science, Machine Learning, and Generative AI. Trained in Python, data analysis, ML modeling, and modern AI technologies, with a strong interest in practical, data-driven solutions. Since August 2026, I have been working as a Data Science Intern at Tectigon Academy, where I continue to develop hands-on technical experience.

EXPERIENCE

Data Science Intern — Tectigon Academy

August 2026 – Present

Gjilan, Kosovo

- Hands-on work with Python, Pandas, SQL, and data analysis workflows.
- Applying Machine Learning concepts, data preparation, and model evaluation techniques.
- Using Tableau and Microsoft Power BI for data visualization and reporting.
- Exploring Generative AI, LLMs, RAG, and Responsible AI principles.

EDUCATION

FIEK — University of Prishtina

2026 – Present

Computer Engineering and Software Engineering

TECHNICAL SKILLS

- Programming: Python, SQL, Git
- Model Quality: Data Leakage Detection, Overfitting, Underfitting
- Data: Pandas, Data Analysis, Data Management, Data Preparation
- Generative AI: LLMs, RAG, AI Agents, Responsible AI
- Machine Learning: XGBoost, Gradient Boosting, Linear Regression, Decision Trees, Scikit-Learn
- BI & Visualization: Tableau, Microsoft Power BI
- Modeling: Cross-Validation, Pipelines, Feature Engineering, Categorical Encoding, Model Evaluation
- Additional: Data Privacy, Full-Stack Web Development

CERTIFICATIONS & TRAINING

Intermediate Machine Learning	Kaggle
Generative AI Fundamentals	Databricks
Introduction to Machine Learning	Kaggle
Python & Data Science	Tectigon Academy
Introduction to Data Science	Cisco
PCAP: Programming Essentials in Python	Cisco / NDG
Linux Unhatched	Cisco / NDG
Full Stack Web Developer	Për Programera

PROFESSIONAL FOCUS

Data Science • Machine Learning • Generative AI • Data Analytics • Software Engineering
